FOREWORD

Knowing, as we do, the many hardships and disappointments that lie in the background of this Pageant of 1949-50, we are all the more proud of the record of individual and collective accomplishment we have the privilege of presenting to you in this book. It is our wish that the spirit of those who have helped make this record possible may bring them other honors in after years, and our hope that it may communicate itself to those who will follow them on this campus.

FAREWELL TO THE CLASS OF 1950

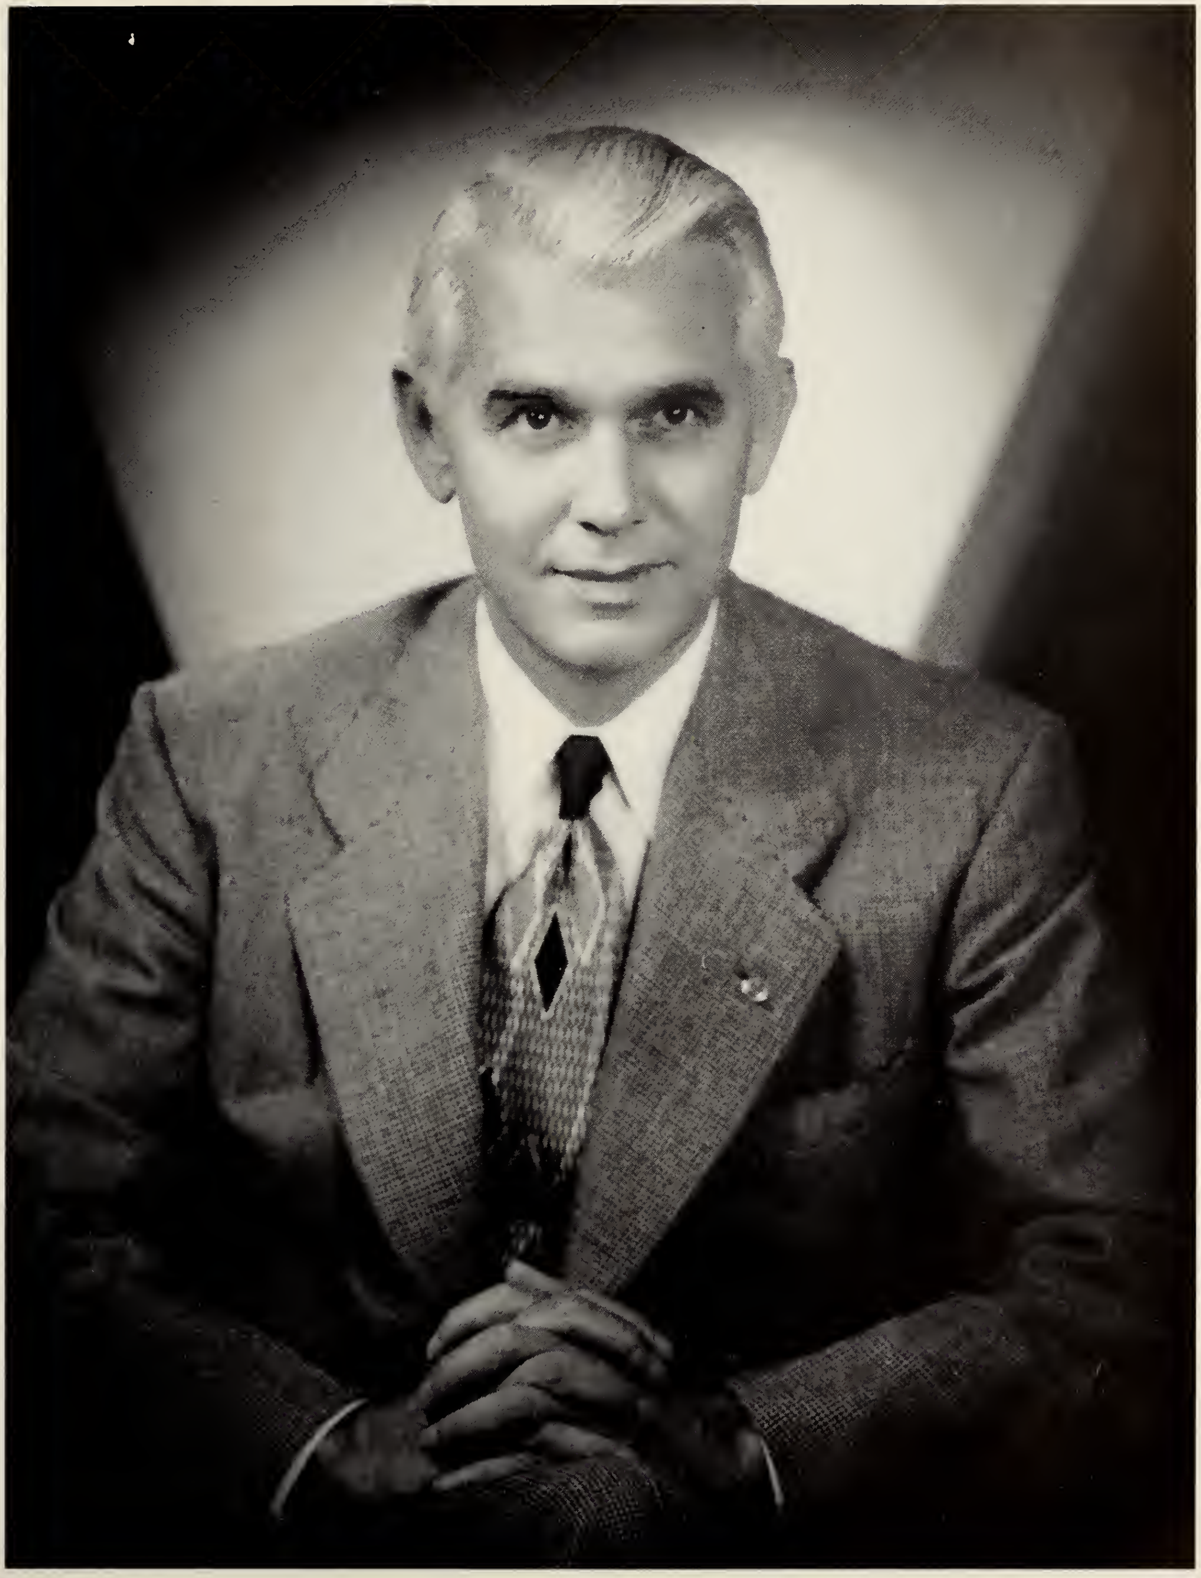
You are graduating at the beginning of the second half of the most significant century of recorded history. In the political, social and economic ideologies which have originated and come into full flower in the five decades since the birth of this century, and in the inventions and discoveries of the past fifty years—are all the promise of universal peace and human welfare, and at the same time all the potentialities of the total destruction of our civilization. The ideals and labors of the men and women of your generation will decide the social struggle which has now divided our modern world into two great ideological camps.

Strange as it may seem, the little people, the laymen, on each side of the battle line, seek the same things: security, happiness, peace. Our motives are the same, but we are beginning to draw swords over the methods of attaining the goal. The little people are confused, but the leaders know what they want and they will not accept the prize unless it is packaged according to their specifications. At least ninety-five per cent of the social and political problems which now cause us grief and anxiety are man-made. We have learned how to bear and control the impediments and hazards of physical nature, but we have not found the wisdom or the will to manage our minds and/or morals. Our hope—the hope of the world—is in you and your generation.

Your class is the largest of the classes that have graduated from the University since it was founded in 1931. As of February 1 of this year, a total of 14,080 students have been enrolled at the University. Of this number 553 have received degrees.

You are leaving the University with the sincere congratulations and good wishes of the administration, trustees, staff and faculty.

You will always remember, of course, that whatever service you render to humanity and whatever may be your personal achievements will reflect glory and honor on yourselves and your Alma Mater.



Ellwood C. Nance, A.B., M.A., D.S.Litt.
President of the University of Tampa

M. C. RHODES

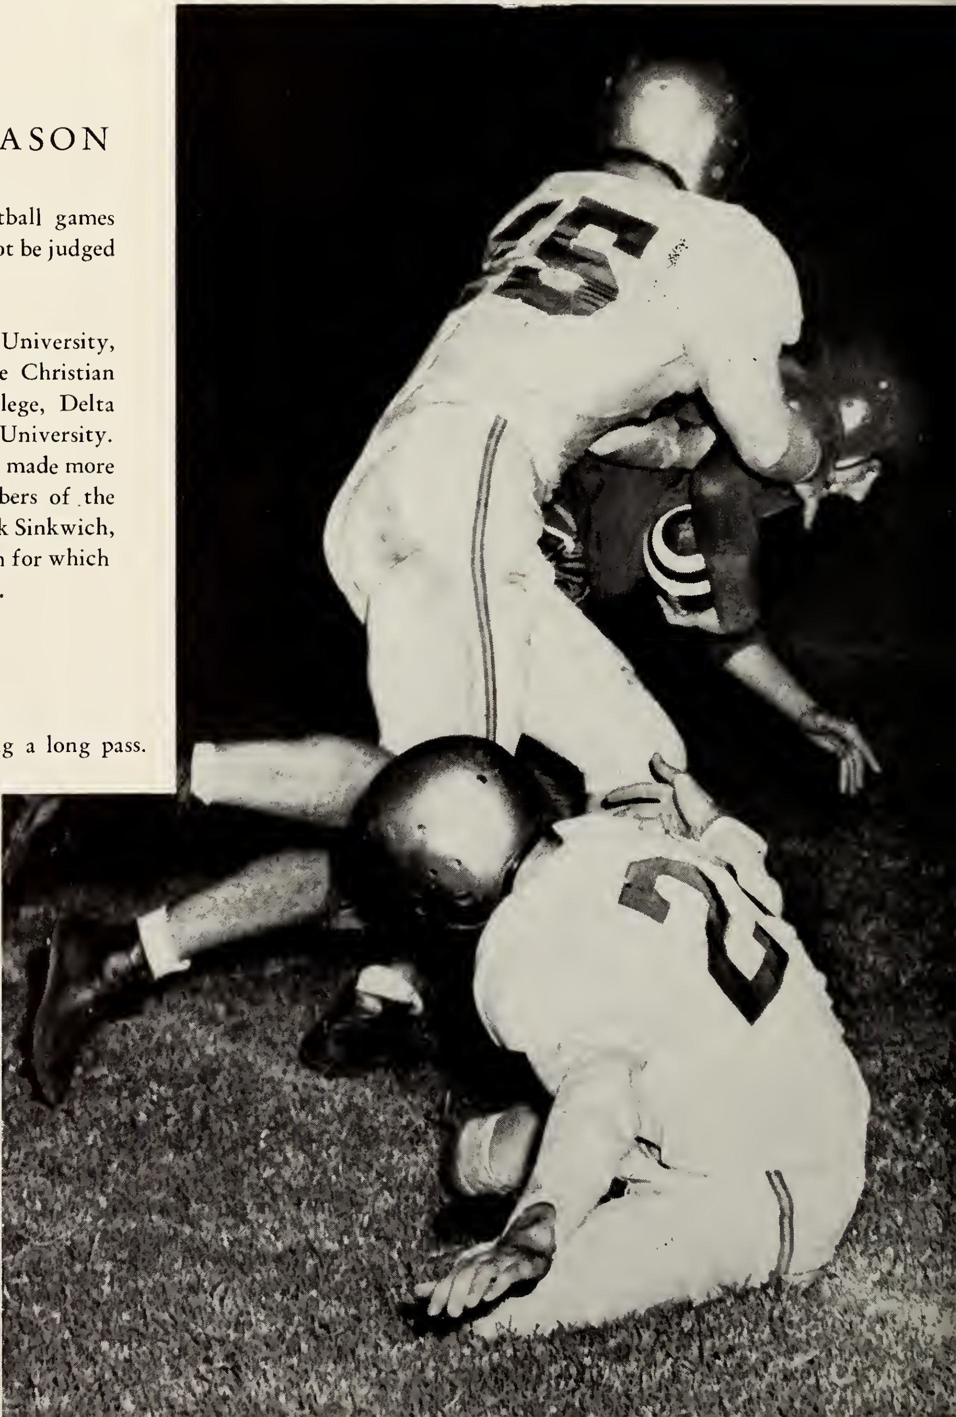
1949 FOOTBALL SEASON

Although we lost all of our eight football games last fall, the potential of the squad should not be judged on the cold figures alone.

We were beaten by Memphis State University, Milligan College, Rollins College, Abilene Christian College, Stetson University, Erskine College, Delta State Teachers College, and Florida State University. We outgained many of these opponents and made more first downs than several. If many members of the squad return next fall, our new coach, Frank Sinkwich, will undoubtedly develop the first-class team for which we have already demonstrated a potential.



Pennington brought down after snaring a long pass.

ALL-AMERICAN MAC WILLIAMS
Captain of the 1950 Spartan Basketball Team

1949-50 BASKETBALL SEASON

Our basketball team, after a rather slow start with losses to six strong Northern teams, came home to roll up an impressive record in the South. We beat Tennessee, Mississippi, Pennsylvania, the University of the South, Florida State, the University of Florida, Rollins twice, Stetson, Mercer, Florida Southern twice, Miami, Erskine, and Wofford. Our Southern losses were to Western Kentucky State Teachers, Stetson, Florida State, Mercer and the University of Florida, making our Southern record an enviable fifteen wins and five losses.

We then went to the NAIB tournament, where the team blazed through Mercer, Georgia Teachers, New Mexico A. & M., George Pepperdine, and Davis and Elkins College before being beaten by Indiana State College and Central College Missouri.

This made our record for the season twenty wins and fourteen losses against consistently excellent opposition.

Our prospects for next season are very bright since the entire squad will probably return next fall.

choice, chance or compulsion

Every act of life is motivated by choice, chance or compulsion. Choice is your heritage. But choice necessitates knowledge. You cannot choose unless you know.

Honest advertising is dedicated to all who prefer choice to chance and compulsion. It guides in choosing things best suited to our needs, desires and pocketbooks. It enables comparison. It provides information. It often is the difference between information and ignorance.

Reading ads is a profitable habit.
